Outstanding fast finishing fractions

Great confirmation

Closely related to Peintre Celebre and linebred to Plencia, the foundation mare of the Wildenstein P-family.

In 2016 unbeaten in Germany and an easy winner against the Gr.1 elite.

PROTECTIONIST
HE IS GERMAN EXCELLENCE

PROTECTIONIST is the most exceptional horse that I have trained so far in my career. His character and his fighting spirit are unique. We will send our best mare Independent Miss (dam of 2016 German Derby winner Isfahan) to support him in his first season.

PROTECTIONIST is a horse with an awesome character and a brave heart. I never met a horse like him. He always came back and won again at the very top level. A real champion.

PROTECTIONIST will remain in Germany for stud duties. I am very pleased, that he will start his first season covering mares at the top notch farm Gestuet Roettgen.

PROTECTIONIST always impressed me with his phenomenal finishing speed, shown at his best when covering the last three furlongs of the Großer Preis von Berlin in 33.23 seconds, fractions one would expect from an established Gr.1 sprinter going five furlongs.

The horse’s toughness together with his female line, closely related to PEINTRE CELEBRE, who has been a very positive influence in German breeding, should give him a great chance to succeed as a stallion.
